BEHIND THE WHEEL POLICIES

A student must hold a valid Learner's Permit and have completed all 30 hours of classroom instructions and pass the final exam with an 80% or above in order to begin the required 6 hours of behind the wheel lessons. If a student cannot produce their learner's permit at the beginning of their lesson, this will be considered a missed appointment and the missed appointment fee shall apply before any future lessons are scheduled.

Each student must also acquire at least 5 hours of on-the-road practice with a parent or mentor instructor before they may be assigned to an instructor. Each student lesson will last two (2) hours and all students will be required to complete a minimum of three (3) lessons, totaling six (6) hours.

Completion Time: Per MVA guidelines, the required six (6) hours of Behind the Wheel instruction are to be completed within 18 weeks from the day the student was assigned an instructor. *The philosophy behind this requirement is to ensure that the behind the wheel lessons are completed while the theories and concepts taught within the classroom are still fresh in the student's mind.* Students should expect to complete a minimum of one (1) behind the wheel lesson a month.

It shall be the responsibility of both the parent(s) and student to be aware of and complete the required drive time hours within the above specified time frames. Street Smarts reserves the right to cancel any BTW lessons for any reasons beyond their control. Street Smarts cannot guarantee any completion date within the student's eighteen (18) week period of instruction. A student may be removed from our program if all the above requirements are not met without notification.

Additionally, the MVA skills test should not be scheduled prior to starting his/her behind the wheel lessons. All behind the wheel lessons are evaluated and each student's proficiency during each lesson will dictate when the next lesson should take place. Additionally, the instructor's schedule may affect their ability to complete all lessons prior to a scheduled test date at the MVA. Therefore, completion of all behind the wheel lessons is recommended prior to a student scheduling their MVA Skills Test.

BTW Cancellation Policy – No Exceptions! All scheduled Behind the Wheel lessons must be cancelled with at least 24 hours' notice. A student/parent must call their assigned BTW instructor via telephone to cancel any lesson(s). Due to possible delays in receiving electronic messages, cancellation notices sent via email or text will not be accepted as sufficient notice. Any cancellations which do not fall within these guidelines will result in a \$75.00 fee and there are **NO EXCEPTIONS** to this policy! Behind the Wheel lessons for the student shall not resume until this fee has been paid in full.
